FAST CHARGING IN ELECTRIC VECHILE BATTERY		
Objectives of the Project : ❑ Develop features that make the app usable for people with different abilities, ensuring inclusivity. ❑ Implement robust security measures to protect user data and maintain their trust. ❑ Optimize the app for speed and efficiency, minimizing loading times and resource usage.	Need Statement : ❑ Lack of interactive platforms that merge storytelling and social media features. ❑ Difficulty in discovering creative content and engaging with it effectively. ❑ Limited options for multimedia integration in storytelling	Product Picture : 
Community Partner Details : Name : K.Rukhmendar Profession : Student Address : Nizamabad, Telangana Contact Details: 7702603872	Solution : ❑ AI-based recommendation for personalized content. ❑ Interactive multimedia support (text, audio, video, and images). ❑ Community-driven content creation, including co-authoring stories and collaborating on memes. ❑ Kid-friendly content with educational rhymes and games.	Resources Used : Flask, Flask Login, Flask-SQLAlchemy, Flask-Migrate, Flask-CORS, SQLite, Html, CSS, JavaScript, Jinja2, AJAX & JavaScript Fetch API.
SDG's Covered : 4 QUALITY EDUCATION  9 INDUSTRY, INNOVATION AND INFRASTRUCTURE 		Published or Patented : Paper and startup Applied
Cost Analysis : ❑ App Design (UI/UX) – Free Rs/- ❑ App Development – Free Rs/- ❑ Hosting & Storage – Free Rs/- ❑ Testing & Quality Assurance – Free Rs/- ❑ Marketing & Promotion – Free Rs/- ❑ Maintenance & Updates – Free Rs/-	COMMUNITY PARTNERS 	Outcomes : ❑ Enhanced User Engagement ❑ Content Creation Platform ❑ Skill Improvement ❑ Expansion Potential ❑ Community Building Product Execution Video Link : https://drive.google.com
